SMART PRESSURE

The inner pot of Instant Pot uses advanced microprocessor technology and Smart Programs to achieve optimal, nutritious, and safe cooking results every time. The cooking chamber is fully insulated, calling for less energy for the pot to heat up and build pressure.

PRESSURE COOKING TIPS

- Add ingredients & liquid to Instant Pot®
- Select a cooking program
- Continue your daily life until it beeps
- Release pressure & serve!
- Reduce cook time & energy usage by up to 70%

Made for Together™

*The NPD Group Inc., Retail Tracking Service, Cookers Category, Dollar Sales, USA & Canada, Latest 52 Wks ending Dec, 2017

FEATURES

9 APPLIANCES IN 1

Pressure cooker, sauté pan, steamer, slow cooker, rice cooker, food warmer, yogurt maker, sterilizer and sous vide - all in one.

BIG, HEALTHY FAMILY MEALS FAST

No matter how large your family, or how big your needs, the Duo 6 Quart is the right size for you.

DEPENDABLE, CONSISTENT RESULTS

The Duo Series uses the latest technology. An advanced microprocessor monitors pressure, temperature and volume, keeps time and auto-adjusts heating intensity and duration - ensuring that meals come out perfect, every time.

WORRY-FREE COOKING

Smart Program timed cooking presets let you “set it and forget it,” freeing you to do other things while the duo cooks safely and quickly, minimal mess and easy clean up.

BUILT STRONG

The silent and sealed cooking chamber gives off no heat and produces no smell - trapping the aroma in the food. The durable 3-ply stainless steel inner pot eliminates non-stick coating health concerns and the brushed stainless steel exterior is fingerprint resistant.

BUILT SAFE

10 proven safety mechanisms and patented technologies to meet the highest safety and UL certification - giving you uncompromised safety & peace of mind.

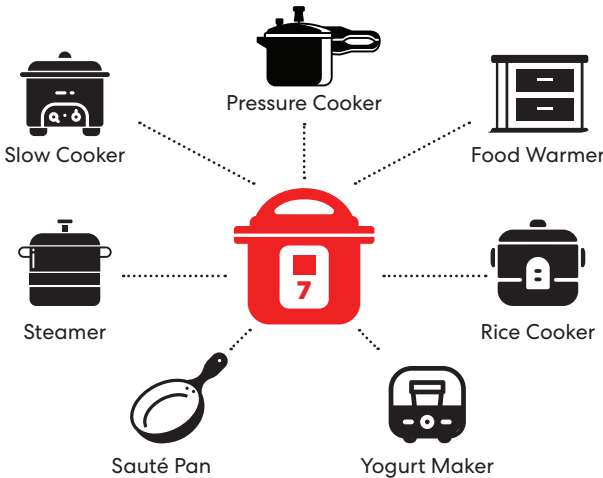

DUO

7-IN-1 6QT
